# Your Budget

Local solutions for the Council's Budget 2014/18

## Have your say on Cornwall Council's budget for next year and beyond

By 2018/19 we will have to make savings totalling  
£196 million

We have to decide **where** and **how** to reduce our services  
or increase income or how we can do things differently to  
save money

Come along to our event to find out more about our budget  
savings and let us know what is important to you

### Join us in St Ives
