

Library and one stop shop service review consultation

Cornwall Council is asking for views on Cornwall's future library and one stop shop service.

The consultation is running from 2 April for 10 weeks and puts forward two models for discussion and comment although the final design could be one or more of the models or something else introduced through the consultation and engagement process.

The Council is holding public drop-in sessions in branch libraries and one stop shops for people who would like to know more about the review and be involved in the consultation.

Please see the table below for details of the public drop in sessions

*Please note: the date for the St Keverne session will be confirmed after Easter; we will send a message to the St Keverne and surrounding area, with a date, as soon as possible.
