

Gwinear-Gwithian
Sustainable Community Fund

The Gwinear Gwithian Sustainable Community Fund

is a community benefit charity which offers funding to the parish for local projects which improve the sustainability of the community.

The funds are provided by the two local solar farm developments and there are two rounds of funding each year that community groups can apply for.

Our latest round of funding closes on the **31st May 2017**.

Recent projects that have received grants have included:

- To install speed monitoring signs on the entrance to Gwithian
- The Reawla Park Project phase 2 and 3
- Refurbishment of the village hall toilets at Wall
- The purchase of IT resources for Connor Downs School
- Insulation and heating refurbishments at Gwithian Church Hall

If your group has a project that needs cash funding please visit our website to get more information on eligibility and how to apply.
