

Introduction into Working in Health & Care

**Are you currently unemployed and interested
in starting a career within Health and Care?**

Cornwall Partnership NHS Foundation Trust and Royal Cornwall Hospitals Trust are working together to deliver a **week long** virtual programme from **10am - 2pm** each day which gives an insight into the many different opportunities available in health and care

Programme content:

- An introduction into the NHS and the health and care sector
- Information about job and training opportunities
- Key note speakers from both organisations covering both clinical and non-clinical roles
- Confidence building and teamworking sessions
- How to apply for jobs and how to write a good application
- Interview skills

We will be able to support any health and care career interest, from Health Care Assistants to Administrators, Porters to Support Services.

Whatever you're interested in, get in touch today.

Get in touch today to sign up to the programme and future opportunities
