

### Useful contact information

Parish Council's are the first tier of governance and represent the concerns of parishioners as well as providing certain services to meet local needs. Although Parish Councils can be the first point of contact for anyone concerned with a community issue there are other bodies who may be better placed to deal with these issues and parishioners are encouraged to raise matters with the appropriate organisation in the first instance and if you feel the matter is not being address then either raise it with the Parish Council or your Cornwall Councillor:-
